

TAB -DT **Secure Desk Tilt Mount for Tablets**

The stylish Desk Tilt Mount for Tablets allows you to tilt the device 135 degrees, allowing ease of use as well as multiple viewing angles.

Fitted with a high security push lock and secured to the surface to avoid theft, the tilt mount is also easy to assemble and will securely hold the tablet in place.

The Tilt Mount comes in a durable, white or black finish and can be fixed to the mount in landscape or portrait.

- Made from 3mm steel and fitted with a high security push lock to keep the tablet secure
- Stylish design with a durable finish
- Comes in a choice of black or white to match interior decor
- Inserts make assembly easy and keep tablet in place
- Tablet can be charged whilst in enclosure and power cable cannot be removed once installed
- Tablet can be rotated in the mount during installation to either allow or restrict access to the home button - iPad 9.7" and Samsung Galaxy Tab A
- Allows access to camera for all tablet models whilst restricting access to power button
- Enclosure can be fixed to the mount in landscape or portrait
- Can be tilted 135 degrees allowing ease of use and multiple viewing angles
- Secured to a surface to stop theft
- Cable hidden through mount
